Welcome To Bolts Plus

With COVID-19 at the top of everyone's mind right now, we want you to know that we are choosing to be cautious to help prevent the spread.

WE VALUE THE HEALTH AND SAFETY OF OUR CLIENTS AND TEAM ABOVE ALL ELSE

- We are taking extra precautions to sanitize our “touch point” and work areas
- We are sanitizing our door handles, work areas, sales counters, credit card pin pads, phones and computers every hour if not more
- Our team has been advised to not come to work if there is even the slightest chance they are or may become ill
- Our team is practising good hygiene by washing their hands frequently and appropriately
- We will practise “social distancing” as recommended by health care professionals. Please do not take offense that we don't shake your hand in situations where we would normally do so

In the spirit of social responsibility we ask our guests and customers to also do their part. Please visit us another time if you are feeling ill or unwell. Otherwise we are still open and ready to serve you.
